

Convinient Installation

Energy Efficient

Compact Structure

Cost Effective

Key Features

Voltage : Single-phase is 220/50Hz
three-phase is 380/50Hz
customization available for other phases.

Designs : AC Axial Fans, YWF series,
All models available in suction and
blowing type fans.

* EC Axial fans also available.

Operating Temperatures :
-30° C to +60° C

Average Service life :
30,000 hours

Where all Air-conditioning and
Refrigeration soltuions meet.
