# Re-Tech

Electronic Voltage Stabilizer

*Complete Protection of your  
Electrical Appliances*

# Features

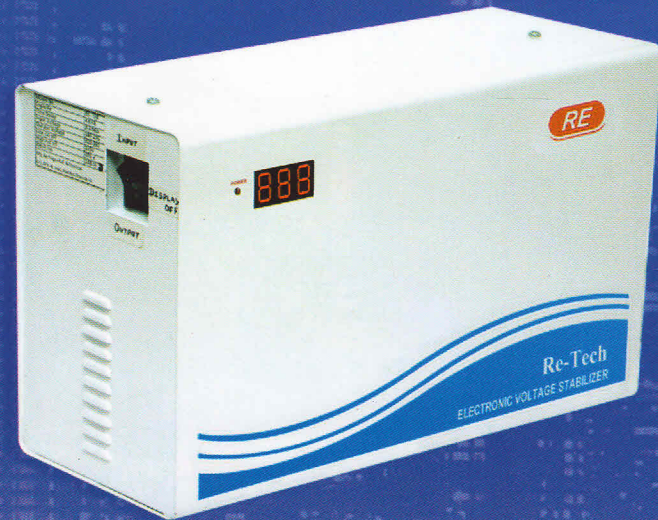

- Unique aesthetic Design with Powder Coated Chassis.
- Digital Display Makes Performance More Transparent\*
- Ic controlled electronic circuit.
- Capacity from 0.3 kva to 48 kva.
- High low cut off.
- Quality components ensures high quality performance.
- Time delay / Intelligent Time Delay\*
- Working Range 90v - 300v\*
- Output Voltage 180v - 250v\*

\*Features may vary from model to model
